

Dear Phoenix Fetal Cardiology Symposium Attendee:

On behalf of Phoenix Children's Hospital, I invite you to participate in the Third Annual Phoenix Fetal Cardiology Symposium, to be held November 3 through 6, 2011 in Phoenix, Arizona, USA.

We value your participation in discussions focusing on expanding evidence-based care management strategies relevant to clinical practice decision making and disease prevention around the world. This symposium is designed to provide a comprehensive understanding of the uniqueness of the fetal cardiovascular system including management of the mother and family of the unborn child with heart disease.

All expenses incident to your attendance, including travel and lodging, are your personal responsibility.
